

**PROTECT AND HEAL  
YOUR WORLD  
WITH THE RUSSIAN  
ENERGETIC-INFORMATIONAL  
TECHNIQUES**

**Olga Samarina**

How can we protect ourselves from the dangers of the invisible world, millions of times larger than the matter that we can see around us? Is there a shield that can save us from the energy and, most importantly, from negative information, from the inhabitants of the Subtle World and from the same parasites of our conscience? How can we ward off mental manipulations? Can we make our living space and our home safe and pleasant? And how can we restore our multidimensional organism with safe and easy techniques?

The answers to these questions come from the holistic russian world, in the form of dozens of easy and clever techniques: it's a collection of many experiences and intuitions still unknown to western readers. But it is well to remember the main message of the book: an "infinite conscience" is invisible to the dark forces. He who lives following the laws of the Spirit is transparent, and needs no protection.
