## THE FUTURE IS NOW THE GREAT SCIENCE FICTION BOOK

### Carmine Treanni

Comprehensive sci-fi related collection.

Time travel, alien invasions, space explorations, robots and mutants have been a source of inspiration for directors and writers for a century. And not only that, these matters also inspired scientists, engineers and astronauts, who constantly work to help us figure out who we are, what we want and where we are going. In this essay you can find all the best that science fiction from all around the world has to offer.

CARMINE TREANNI

Carmine Treanni, journalist and essayist, studies history and aspects of mass culture: from genre fiction to comics and even television. He's been the editor of the online sci-fi magazine "Delos Science Fiction", on the Fantascienza.com website for over ten years. He published several essays and cooperated with many different magazines.
