A BREATH OF INFINITY

Ezio Toia

James, the protagonist, is invited to a fashion show by his friend and roommate Claire. He is supposed to entertain two wealthy American businessmen – husband and wife – with whom Claire’s boss, Annabelle, wants to establish a business relationship.

James gets in good with the Americans and gets to meet their daughter, Luise. The young man starts a relationship with the girl and, once he gets his degree, he plunges into the world of fashion, achieving success.

Luise dies in a tragic car accident and James is deeply struck by that, to the point where he doesn’t want to get involved in any other new serious romantic relationship.

But Kate, a beautiful english young woman, will make him change his mind a few years later: despite that, they will have to face many problems as a couple before they are finally able to understand and trust each other.
