She has won around 80 International Literary Prizes.

Alessandra has been designed as the 'Italian Rowling' by many critics. Her books are used in the schools and suit movies adaptation.

# VITA AND THE BOOKS OF THE DEAD

**Alessandra Cinardi**

The novel is the first book of a successful trilogy. It has been published in Italy by a famous Publisher.

Vita's adoptive parents discover that her 13-year-old daughter has got magical powers, so they send her to a hospital of child Neuropsychiatry. During the recovery, Vita finds out to be designed to find the Necronomicon, the Sacred Book of the dead.

Vita hence attends the Paranormal High School, buried in the Roman underground where she is going to learn how to control her talents.

She is going to face her more deep-seated fears and to pass different proofs to cross the three infernal circles of Duat – the Egyptian Hell – with the help of her new friends Gandolfo, Ercole, and the sweet Lilith. They have to arrive at Osiris' sight to obtain the Necronomicon, the Sacred Book of the Dead. At the same time, Seth - God of Hurricanes and God of Evils - wants to seize the Necronomicon to put humanity under his rules. Vita is the main character's name, and the Necronomicon is the ancient Egyptian text that contains the information necessary to the dead in the afterlife, as a guide for the threatening World of Duat.
